ORDER NO.

SUBJECT:

DOCKET NO. 2015-163-E - Application of Duke Energy Progress, LLC to Establish a New Cost Recovery and Incentive Mechanism for Demand-Side Management and Energy Efficiency Programs - Staff Presents for Commission Consideration Duke Energy Progress, LLC's Request for Approval Revised Load Control Tariffs, Without Notice or Hearing.

COMMISSION ACTION:

I move that the Commission grant the request of the Companies to make the specified ministerial revisions to DEC's revised Rider PM (SC) Power Manager Load Control Service Tariff and DEP's Residential Service – Load Control Rider LC Tariff. The requested changes reflect that the identified programs are available to all individually metered residential customers, and there is no need to individually list every eligible residential schedule, which eliminates the possibility of inadvertently omitting eligible customers. Similarly, the changes will correct and update the effective date, docket number, and order number for the tariffs.

Due to the lack of any potential negative impact to customers, the revised tariffs will be able to be implemented without notice and hearing, as requested.
